RESUME

Currently, I am seeking my first professional experience in back-end development. Although I have not yet had formal work experience, I have developed technical skills and solid knowledge through academic projects, personal projects, and contributions to open-source projects.

EDUCATION

High School

- Univap Aquarius, 2020 - 2022

Academic

- FATEC - Prof. Jessen Vidal, Desenvolvimento de Software Multiplataforma - 2023 - 2026
